

REMARKS

Claims 1-6 are pending in this application. Claims 1-6 are objected to. By this Amendment, claims 1 and 3 and 5 have been amended. The amendments made to the claims do not alter the scope of these claims, nor have these amendments been made to define over the prior art. Rather, the amendments to the claims have been made to improve the form thereof. In light of the amendments and remarks set forth below, Applicant respectfully submits that each of the pending claims is in immediate condition for allowance.

The drawings are objected to because the control signal output to reception quality collector has been renumbered to 211 in the specification. Applicant has amended Figure 6 so that it corresponds to the specification. As such, Applicant respectfully requests reconsideration and withdrawal of this rejection. A new copy of Figure 6 and a copy of Figure 6 showing where the change has been made is included herewith.

Claims 1, 3, and 5 were objected to due to various informalities. Applicant has amended claims 1, 3, and 5 in light of the Examiner's comments. As such, Applicant respectfully requests withdrawal of the objection and a notice of allowance for the pending claims.

Applicant has responded to all of the rejections and objections recited in the Office Action. Reconsideration and a Notice of Allowance for all of the pending claims are therefore respectfully requested.

In view of the above, each of the presently pending claims in this application is believed to be in immediate condition for allowance. Accordingly, the Examiner is respectfully requested to withdraw the outstanding rejection of the claims and to pass this application to issue.
